

THE REPUTATION THAT OUR REGION HAS EARNED

over the years for fine cuisine and world-class service is well known. What we believe is perhaps less obvious is just how much there is to choose from. The Southern Vermont region offers a variety of dining options. From quintessential New England, to French and classic Italian, from contemporary American to Thai, from casual to candlelit, breakfast to lunch, après ski to tavern fare and entertainment, no one offers more options than Southern Vermont. We invite you to explore. Have fun!
